Attention Waterworks Owner/Operator:

RE: Precautionary Drinking Water Advisory for *the Village of Marengo: 1st Ave West Line* - Rescinded

The Water Security Agency (WSA) is satisfied with *two sets of* negative bacteriological sampling and adequate disinfection residuals and turbidity values from samples that have been collected from the water distribution system following watermain break which caused the localized depressurization. Therefore, effective immediately the WSA is rescinding the “**Precautionary Drinking Water Advisory**” for the residents and users of the *Village of Marengo* water supply.

For further information, please do not hesitate to contact the undersigned at 306-741-7718 or Scott.Klippenstein@wsask.ca.
